

## Rate loading HFH and EZR

- **Step 1:** Enter S\* and then update the first level BAR using the steps below
- **Step 2:** RC: 197NH/CONSORTIA PREF/HFH
- **Step 3:** We generally use line 197 in the customers BAR but if there is something already in there, they may need to choose another line number
- **Step 4:** Add HFH and EZR rate codes to auto populate
