HOW TO DISPLAY A HOTEL USING HICKORY'S RATE CODES

HALAX15SEP-18SEP/SR-HFH-EZR

STEPS TO REMOVE COMPETING OR OUTDATED RATE CODES

"Hotel Special Rates (HSR) serve as your default hotel rate codes whenever you inquire about hotel availability, rate adjustments, or inventory. You have the flexibility to designate up to **EIGHT** preferred hotel rate codes. Each code should comprise **THREE** characters and be separated by a dash (-). To establish or modify your preferred hotel rate codes, input the following format: **JGU/HSR-HFH-EZR**

This format is utilized for resetting or eliminating rate code preferences."

Thank you for your support!
